Please feel free to encourage students you may see wandering in the community to get to class. By way of explanation: The admin team is holding after school detentions where they work one to one with students to try and resolve any issues which are	

preventing them from being successful and getting to school on time. The detention is not simply a punishment.

With that said – in the weeks since we began doing afterschool detention, we have seen a considerable drop in the number of tardy students.
